

BUSINESS REQUIREMENTS DOCUMENT (BRD)

Naprocs Technologies Pvt. Ltd.

Enterprise Employee Management System (EMS)

Final Master BRD (Version 1.0)

Build Once • Scale Forever Architecture

Employee Capacity: 50 → 10,000+

DOCUMENT INFORMATION

Item	Details
Project Name	Naprocs Enterprise Employee Management System (EMS)
Organization	Naprocs Technologies Pvt. Ltd.
Document Type	Business Requirements Document (BRD)
Version	1.0 Final Master BRD
Project Type	Internal Enterprise Application
Access Type	Private/Internal Network
Users	Employees, Managers, HR, Finance, Executives
Scalability Target	10,000+ Employees
Security Level	Enterprise Grade

1. PROJECT OVERVIEW

The Employee Management System (EMS) will serve as the central workforce management platform for Naprocs Technologies. The platform will manage:

- Employee Information
- Organizational Structure
- Attendance
- Leave Management
- Recruitment
- Performance Management
- Asset Management
- Learning Management
- Workforce Analytics
- Succession Planning
- Employee Lifecycle
- Executive Reporting
- AI Workforce Intelligence

The platform must be designed from Day 1 for enterprise scalability while supporting the current workforce size.

2. BUSINESS OBJECTIVES

Primary Objectives

- **Centralized Employee Database:** Single source of truth for employee records.
- **Workforce Visibility:** Complete organizational transparency.
- **Security:** Protect employee and company information.
- **Automation:** Reduce manual HR operations.
- **Scalability:** Support growth without redesign.
- **Compliance:** Maintain complete audit history.
- **Analytics:** Provide executive decision-making insights.

3. SYSTEM ACCESS POLICY

Private Application

This application shall NOT be publicly accessible.

Allowed Access

- **Office Network:** Authorized Office IPs
- **VPN Network:** Authorized VPN Users
- **Approved Devices:** Registered Company Devices
- **Authorized Users:** Approved Employees Only

Restricted Access

- Unknown Devices
- Public Networks
- Unregistered Users
- Unauthorized Countries
- Suspended Accounts

4. AUTHENTICATION FRAMEWORK

Multi-Factor Authentication

Mandatory for all users. Supported Methods:

- Email OTP
- Authenticator App
- SMS OTP (Future)

Single Sign-On (Future Support)

- Google Workspace
- Microsoft 365
- Azure AD

Session Security

- Session Timeout
- Device Tracking
- Browser Tracking
- Login History
- Concurrent Session Monitoring

5. ROLE-BASED ACCESS CONTROL (RBAC)

Role	Access & Permissions
Super Admin (Typically CEO)	Full System Access, Create Roles, Delete Records, Access Audit Logs, Manage Permissions, Executive Analytics
CEO	Entire Organization, Executive Dashboard, Financial Analytics, Department Analytics, Succession Planning, Strategic Workforce Reports
CTO	Technology Teams, Projects, Engineering Analytics, Skill Matrix, Technical Performance, Asset Allocation
COO	Operations Teams, Operational Analytics, Department Efficiency Reports
CFO	Payroll, Compensation, Financial Workforce Reports, Budget Planning
CHRO / HR Head	Employee Records, Recruitment, Performance, Attendance, Leaves, Onboarding, Offboarding, Training
Finance Team	Payroll Processing, Tax Information, Salary Structure, Reimbursements
Department Managers	Own Department, Team Analytics, Performance Reviews, Leave Approvals, Asset Requests
Team Leads	Assigned Team Members, Task Monitoring, Performance Inputs
Employees	Own Profile, Attendance, Leave Requests, Documents, Assets, Training, Goals

6. ORGANIZATION STRUCTURE

- **Level 1:** CEO
- **Level 2:** CTO, COO, CFO, CMO, CHRO
- **Level 3:** Department Heads
- **Level 4:** Managers
- **Level 5:** Team Leads
- **Level 6:** Employees

7. EMPLOYEE MASTER PROFILE

Every employee shall have a comprehensive digital profile containing:

Personal Information

- Employee ID
- First Name, Middle Name, Last Name, Preferred Name
- Photo, Gender, Date of Birth
- Nationality, Marital Status, Blood Group
- Emergency Contact
- Digital Signature

Contact Information

- Official Email, Personal Email
- Phone Number, Alternate Phone Number
- Current Address, Permanent Address

Identity Information

- Aadhaar [Redacted]
- PAN
- Passport
- Driving License
- Voter ID

Employment Information

- Joining Date, Employee Type
- Department, Designation, Grade, Band
- Work Location
- Reporting Manager, Skip-Level Manager

Compensation Information

- Salary Structure, CTC
- Bonus, Incentives, ESOP
- Revision History

Banking Information

- Bank Name, Account Number, IFSC, UPI ID

Career & Skills Information

- Promotion, Transfer, Performance History
- Training, Certification, Achievements, Awards
- Primary & Secondary Skills
- Experience Level, Certifications
- Technical Expertise, Soft Skills

Documents

- Resume, Offer Letter, Appointment Letter
- NDA, ID Proofs, Certificates
- Experience Letters, Asset Agreements
- Background Verification

- Employment Status, Probation Status

8. ORGANIZATION INTELLIGENCE MODULE

Visual Organizational Chart

Displays:

- Reporting Manager & Skip-Level Manager
- Department Size & Open Positions
- Succession Candidates
- Department Hierarchy & Cross-Team Structure

9. EMPLOYEE LIFECYCLE MANAGEMENT

Recruitment & Pre-Onboarding

- Candidate Applied → Screening → Interview → Selection → Offer Release
- Document Collection & Background Verification
- Approval Workflow

Onboarding

- Employee Creation, Asset Allocation
- Email Creation, Account Provisioning
- Training Assignment

Active Employment

- Attendance, Performance, Projects
- Learning, Promotions, Transfers

Exit Management

- Resignation, Termination, Retirement
- Asset Recovery & Knowledge Transfer
- Final Settlement
- Account Deactivation

Rehire

- Restore Historical Records
- Reactivate Employee

10. ATTENDANCE MANAGEMENT

- Check-In / Check-Out
- Work Hours & Overtime
- Hybrid Attendance / Remote Attendance
- Late Login / Early Logout
- Attendance Calendar & Monthly Reports

11. LEAVE MANAGEMENT

- Casual Leave, Sick Leave, Earned Leave
- Maternity Leave, Paternity Leave, Bereavement Leave
- Compensatory Leave
- Leave Balance Tracking
- Approval Workflow & Leave Calendar

12. ASSET MANAGEMENT

Track

- Laptop, Desktop, Monitor, Mobile Device, SIM, Access Cards
- Software Licenses, Cloud Accounts
- VPN, GitHub, AWS, Azure, Google Workspace Access

Asset Lifecycle

- Assigned, Returned, Lost, Damaged, Replaced, Retired

13. PAYROLL MANAGEMENT

- Salary Processing
- PF, ESI, Professional Tax, TDS
- Bonuses, Incentives, Reimbursements
- Payslip Generation & Payroll Reports

14. RECRUITMENT MANAGEMENT SYSTEM

- Applicant Tracking & Resume Database
- Interview Scheduling & Feedback
- Offer Management & Candidate Pipeline
- Hiring Analytics & Recruitment Dashboard

15. PERFORMANCE MANAGEMENT

- Goals, OKRs, KPIs
- Quarterly, Half-Year, and Annual Reviews
- 360 Feedback
- Promotion Recommendations & Performance Trends

16. SKILL INTELLIGENCE MATRIX

- **Track:** Programming Languages, Frameworks, Tools, Cloud Technologies, AI Skills, Leadership Skills, Communication Skills
- **Generate:** Skill Heatmaps, Skill Gaps, Resource Availability, Training Recommendations

17. LEARNING MANAGEMENT SYSTEM

- Courses, Training Programs, Certifications, Compliance Training
- Learning Paths, Completion Tracking, Training Analytics

18. EMPLOYEE ENGAGEMENT

- Employee Recognition, Awards
- Pulse Surveys, Mood Surveys, Anonymous Feedback
- Employee Happiness Score

19. INTERNAL TALENT MARKETPLACE

- Internal Job Applications, Department Transfers
- Promotion Applications, Cross-Team Opportunities

20. SUCCESSION PLANNING

Identify Successors For: CEO, CTO, Department Heads, Managers, Team Leads, Critical Positions.

21. WORKFORCE ANALYTICS

- Headcount, Attrition, Growth Analytics
- Department, Cost, Productivity Analytics
- Training & Recruitment Analytics

22. AUDIT & COMPLIANCE SYSTEM

Track Every Action: Who, What, When, Where, Device, IP Address, Old Value, New Value, Approval Trail.

23. NOTIFICATION SYSTEM

- Email & In-App Notifications
- Approval Alerts, Policy Updates
- Birthday & Anniversary Alerts, System Alerts

24. DASHBOARD FRAMEWORK

Employee Dashboard

- Profile, Attendance, Leave, Assets, Training, Goals

Manager Dashboard

- Team Attendance, Leaves, Performance, Approvals

HR Dashboard

- Recruitment, Attendance, Attrition, Training, Employee Analytics

CTO Dashboard

- Engineering Analytics, Skills Matrix, Resource Allocation, Technology Teams

CEO Dashboard

- Organization Overview, Growth Metrics, Workforce Analytics, Succession Planning, Strategic Reports

25. AI MODULES (PHASE 3)

- AI Attrition Prediction, AI Skill Gap Analysis, AI Promotion Recommendation
- AI Workforce Forecasting, AI Resource Allocation, AI Hiring Recommendation
- AI Employee Assistant, AI Knowledge Search

26. KNOWLEDGE MANAGEMENT SYSTEM

- Policies, SOPs, Architecture Documents, Technical Documentation
- HR Guidelines, Training Materials, Company Knowledge Base

27. WORKFLOW ENGINE

Every approval process shall be configurable.

Leave Workflow: Employee → Manager → HR → Approved

Recruitment Workflow: Recruiter → Manager → Department Head → HR → Offer Release

Promotion Workflow: Manager → Department Head → HR → CEO → Approved

Asset Request Workflow: Employee → Manager → IT Team → Approved

IMPLEMENTATION ROADMAP

PHASE 1 (50–100 EMPLOYEES) - Build Immediately

- Employee Management, RBAC, Attendance, Leave, Asset Management
- Organization Chart, Audit Logs, Workflow Engine, Employee Self-Service
- Dashboards, Knowledge Base, Security Framework, Notification System

PHASE 2 (100–500 EMPLOYEES) - Expand

- Recruitment System, Payroll, Performance Management, Learning Management
- Skill Matrix, Workforce Analytics, Employee Engagement
- Internal Talent Marketplace, Succession Planning, Advanced Reporting

PHASE 3 (500+ EMPLOYEES) - Enterprise Intelligence

- AI Workforce Analytics, AI Attrition Prediction, AI Promotion Engine
- AI Skill Gap Analysis, AI Assistant, Forecasting Models
- Executive Intelligence Center, Predictive Workforce Planning

NON-FUNCTIONAL REQUIREMENTS

Category	Requirements
Performance	Page Load < 2 Seconds API Response < 500ms
Availability	99.9% Uptime
Scalability	10,000+ Employees
Security	MFA, Encryption, Audit Logging, IP Restrictions, Device Trust
Backup	Daily Backup, Disaster Recovery, Version History

FINAL VISION

The Naprocs EMS will not be a simple HRMS.

It will function as a centralized workforce operating system that manages people, skills, assets, performance, organizational intelligence, succession planning, analytics, security, and AI-driven workforce decisions from a single platform while remaining scalable from 50 employees today to 10,000+ employees in the future.
